Body Therapy

All scrubs and body wraps include a European Vichy Shower. The Vichy Shower is an invigorating six showerhead massage that cascades over your chakra points. The Vichy Shower increases circulation and lymphatic flow which aid the body in cleansing itself of toxins.

All Body Wraps begin with a thorough dry body brushing. This stimulates circulation and exfoliates the skin so it can truly benefit from the wrap. The treatment product is then applied to the skin, and a luscious thermal wrap allows for deeper penetration of nutrients.

Lavender Dead Sea Salt Scrub

Using an all-natural, mineral-rich blend of Dead Sea salts and calming lavender essential oils, this treatment massages away dry skin, exfoliates, draws out impurities, and improves circulation.
